

HibouAir – Air Quality Monitor

HibouAir – Air Quality Monitor For everyone

Affordable wireless device with simple setup that provides all environments data for observations and study to preserve a healthy air quality environment.

The intelligent Air quality sensor system installs in seconds and connects to your mobile or desktop application, providing real time Air quality Data.

Comes With **Particle Matter** sensor (Model : SSD002/1B)

Light scattering measuring principle

HibouAir App is available for all devices.

Explore your real-time air quality data visually on different devices using HibouAir app.

* Available on iPhone, iPad and all Android devices.
